THEY WROTE ABOUT US

Perfumes with pheromones

We have been deepening our knowledge of pheromones for more than 10 years. Our long research resulted in the introduction of a series of pheromones which became the real hit within only two months.

The increasing popularity of our pheromones on Central Europe market is due to their enormous strength and effectiveness.

Love & Desire 100 ml ®

Love & Desire belongs to the most effective pheromones, according to our customers opinions. It has been recognized as the best product in the category of "the most attractive scent".

Amount:

Love & Desire 50 ml ®

Love & Desire was nominated for the prestigious Consumer Reward EROtrendy 2014 in the category of "The Best Product". The nomination illustrates the product recognition and consumers' satisfaction.

Amount:

Love & Desire 15 ml ®

Love & Desire pheromones act naturally and invisibly through their hypnotizing smell. The pheromones themselves are odorless. If you combine them with your perfume, you do not need to apply another fragrance.
